Dear Seniors and colleagues ,

We each as mental health professional bring something unique to our service of mankind. When our skills, passions and experiences come together, something extraordinary happens. Our conferences don't just give us opportunity to meet and knowledge sharing ,they help bring out the very best in us. They're places where we can grow, connect and truly make a difference. In the Annual Conference of Central Psychiatric Society again ,you'll see that spirit come to life in the stories we share.

Being a Mental Health Professional, is about belonging. It's about finding a community where your contribution in the life of people ,matters ,and where every contribution — big or small — makes an impact. Through our efforts, we're inviting more colleagues and young professionals to discover ,what it means to be part of something bigger. Every new Mental Health Professional is a light that beckons to those in need and a welcomed member of our family. Each one brings new friendships, fresh perspectives and even more reasons to keep serving.

We are always desirous of blessings and guidance of our seniors, who have taught us to work and serve the unhealthy minds of the society.
