

IPS

Indian Psychiatric Society

IPS Admin Portal – Governance & Category Management Overview

- **Centralized Governance Dashboard:** Web-based administrative panel for managing society-wide organizational data, membership records, and system configurations.
- **Category Configuration Engine:** Input form section enabling administrators to define new organizational or governance categories using dedicated Category Name and Description parameters.
- **Real-Time Records Management:** Dynamic data table listing existing categories with structured column views for serial numbers, names, and descriptions.
- **Inline Administrative Actions:** Integrated action controls allowing admins to edit, update, or modify existing category records directly from the list view.
- **Comprehensive Navigation Sidebar:** Quick-access navigation menu providing direct access to core modules including Dashboard, Committees, Members, Events, Membership Applications, and System Configuration.

IPS Member Login Interface

- Split-screen login page with a branded information panel and sign-in section
- Indian Psychiatric Society branding with logo and organization introduction
- Sign-in form with email address and password fields
- Password recovery option and prominent **Sign In** button

IPS

Indian Psychiatric Society

Indian Psychiatric Society

The oldest and largest organization of mental health professionals in India. Founded in 1947, the IPS endeavors to advance the field of psychiatry and mental health.

IPS Events Management

- **All Scheduled Events** section displaying events in card-based layout
- **Create New Event** option available at the top of the page
- Event cards showing **status**, **title**, **description**, **image attachment**, **location**, **date**, and **time**
- **Edit option** provided for each event along with **Online/Offline** and **Active** status indicators

Create New Event – Event Configuration

- Event form with fields for **Category**, **Attendance Mode**, **Status**, and **Event Title**
- **Location Details** and **Geofencing Coordinates** fields for event information
- **Event Timing** section with date range and time selection
- **Event Description** field with **Cancel** and **Save Event** actions

The screenshot shows the 'Create New Event' modal form. The background displays the 'All Scheduled Events' list with an event titled 'Offline' at 'Sardarpura' on 'Aug 18, 2026'. The modal form includes the following fields and sections:

- Category:** A dropdown menu with 'Select Category' as the placeholder.
- Attendance Mode:** A dropdown menu with 'OFFLINE' selected.
- Status:** A dropdown menu with 'ACTIVE' selected.
- Event Title:** A text input field with the placeholder 'Enter official event identity name'.
- Location Details:** A text input field with the placeholder 'Complete Physical Address Location'.
- Geofencing Coordinates:** Three input fields for 'Latitude (e.g. 28.6139)', 'Longitude (e.g. 77.2090)', and 'Radius (meters)'.
- Event Timing:** Two sections: 'Operation Duration Span' with a date range selector showing 'Select Event Date Range', and 'Synchronization Hours' with a time selector showing 'Select Time'.
- Event Description:** A text input field with the placeholder 'Enter event description...'.
- Actions:** 'Cancel' and 'Save Event' buttons at the bottom right.

The screenshot shows the 'Update Event' modal form. The background displays the 'All Scheduled Events' list with an event titled 'Offline' at 'Sardarpura' on 'Aug 18, 2026'. The modal form includes the following fields and sections:

- Category:** A dropdown menu with 'Text' selected.
- Attendance Mode:** A dropdown menu with 'ONLINE' selected.
- Status:** A dropdown menu with 'ACTIVE' selected.
- Event Title:** A text input field containing the value '12345'.
- Location Details:** A text input field with a placeholder icon.
- Geofencing Coordinates:** Three input fields, each containing the value '11'.
- Event Timing:** Two sections: 'Operation Duration Span' with a date range selector showing '2026-08-20 to 2026-08-22', and 'Synchronization Hours' with a time selector showing '1:16 AM - 1:16 AM'.
- Event Description:** A text input field containing the value '0901'.
- Actions:** 'Cancel' and 'Update Event' buttons at the bottom right.

Category Management

- Category creation section with **Category Name** and **Description** fields
- **Create Category** option for adding a new category
- **All Categories** section displaying category name and description in a structured table
- **Edit Category** option with **Update Category** and **Cancel Edit** actions for modifying existing details

The screenshot shows the 'Category Management' interface for the Indian Psychiatric Society. On the left is a dark sidebar with navigation links: Dashboard, Committees, Members, Events, Categories (highlighted), Membership Applications, and Configuration. The main content area has a header 'Category Management' with the subtitle 'Create, configure, and seamlessly monitor all governance categories.' Below this is a form with two input fields: 'Category Name' (containing 'Name') and 'Description' (containing 'Description'). A 'Create Category' button is to the right. Below the form is a section titled 'All Categories' containing a table with columns 'Sr. No.', 'Name', 'Description', and 'Actions'. The table has one row with '1', 'Test', 'Test category', and an edit icon.

Sr. No.	Name	Description	Actions
1.	Test	Test category	

This screenshot is similar to the one above but shows the 'Update Category' form. The 'Category Name' field contains 'Test' and the 'Description' field contains 'Test category'. The 'Update Category' button is present. In the 'All Categories' table, the 'Actions' column for the first row now includes a 'Cancel Edit' link (indicated by a red dot) and an edit icon.

Sr. No.	Name	Description	Actions
1.	Test	Test category	Cancel Edit

Membership Applications

Membership Application – Applicant Details

- Applicant overview with **name** and **application date**
- Separate sections for **Personal Details**, **Contact Details**, and **References & Approval Status**
- **Uploaded Documents** section listing the submitted document types
- **Pending** status with proposer and seconder verification details

The screenshot shows a web application interface for the Indian Psychiatric Society (IPS). The main content area displays a membership application form for a user named Dilip, who applied on 2020-08-18. The form is divided into several sections: Personal Details, Contact Details, References & Approval Status, and Uploaded Documents. The Personal Details section includes Gender (Male), Date of Birth (1990-01-01), and Degree (MBBS). The Contact Details section includes Email (developer12@gmail.com), Mobile, Country (India), and Full Address. The References & Approval Status section shows Membership Type (LOM), Proposer (Dilip [L.F.No.]), and Seconder (Dilip [L.F.No.]). Both the Proposer and Seconder have a status of 'Pending Verification'. The Uploaded Documents section lists various document types: Photograph, Application Form, MBBS Registration, PG Qualification, Valid PG Registration, Aadhaar / Passport Document, Specimen Signature, and Other Document. At the bottom right, the status is 'PENDING' with a 'Close' button.

- Structured table for viewing rejected membership records

The screenshot displays the 'Indian Psychiatric Society' (IPS) web application. The left sidebar contains a navigation menu with options: Dashboard, Committees, Members, Events, Categories, **Membership Applications** (highlighted), and Configuration. The main content area is titled 'Membership Applications' with a subtitle 'Review, approve or reject incoming membership requests.' Below this, there are three tabs: 'Pending Requests', 'Approved Members', and 'Rejected Requests' (which is the active tab). A table lists the rejected membership requests with the following columns: Sr. No., Applicant Name, Degree, Membership Type, City, Proposer, Secondar, and Actions. The table contains two entries. The first entry (Sr. No. 1) is for 'dip singh' with a 'MBBS' degree, 'LOM' membership type, 'jodhpur' city, 'Developer' proposer, and 'harsh' secondar. The second entry (Sr. No. 2) is for 'Dip' with a 'MBBS' degree, 'LOM' membership type, an empty city field, 'Dip' proposer, and 'Dip' secondar. Each entry has a 'Details' button in the Actions column.

Sr. No.	Applicant Name	Degree	Membership Type	City	Proposer	Secondar	Actions

IPS Mobile App

IPS Mobile App – Project Overview

The IPS Mobile App is a dedicated platform designed for the Indian Psychiatric Society (IPS) to streamline member onboarding, verification, and engagement. It connects psychiatrists across multiple zones through a unified, verified digital ecosystem.

- **Onboarding & Guest Experience:** Features an introduction carousel highlighting society value propositions, core network statistics, and direct navigation paths for both existing members and new applicants.
- **Digital Membership Application:** A structured, 5-step digital form flow that guides candidates through personal identity submission, professional affiliation verification, and reachability details.
- **Credential Verification & Document Management:** Enables candidates to upload required legal, academic, and identification records directly through the interface to streamline verification by society administrators.
- **Flexible Application Processing:** Integrated payment options supporting online and offline fee processing, backed by a legal declaration check for application submission.

IPS Mobile App – Pre-Login / Onboarding Screens

- App introduction screen with **IPS branding, welcome message, and introductory content**
- **Skip** option available to move past the onboarding screens
- Onboarding indicator showing the **current screen and remaining screens**
- **Sign In** and **Continue** actions provided at the bottom of the screen

IPS Mobile App – Pre-Login / Landing Screen

- Header bar with IPS branding logo on the left and language selector option on the top right
- Hero headline section featuring society overview, taglines, and establishment details
- Statistics counter display highlighting key network metrics like members, zones, and events
- Featured content card linking to president's address and article preview
- Primary action buttons for existing member sign in and new membership application
- Footer links providing access to helpdesk support, constitution, and privacy policy

IPS Mobile App – Membership Application Module (Step 1: Personal Details)

- **Feature Scope:** User onboarding phase to collect initial candidate identification and professional eligibility data
- **Progress Tracking:** Sequential 5-step form flow with state retention to ensure data persistence across screens
- **Data Collection Fields:** Input capture for title/salutation, legal name, gender, birth date, and primary medical qualification
- **Input Validation & Business Rules:** Mandatory field enforcement and date-of-birth verification to validate age criteria before proceeding
- **Navigation & UX Integration:** Unidirectional step transition via bottom call-to-action button, with top-bar back control for form cancellation or review

The screenshot displays the 'Membership Application' screen, which is the first step in a 5-step process. At the top, a progress bar shows steps 1 through 5, with step 1 being the current active step. Below the progress bar, the title 'PERSONAL DETAILS' is displayed. The main heading for this section is 'Provide basic identity fields'. The form contains several input fields: 'SALUTATION *' with the value 'Dr', 'FIRST NAME *' with the value 'Jay', 'LAST NAME *' with the value 'Mishra', 'GENDER *' with a dropdown menu showing 'Male', 'DATE OF BIRTH *' with the value '2000-08-13' and a calendar icon, and 'HIGHEST PROFESSIONAL DEGREE *' with the value 'MBBS'. At the bottom of the screen, there is a blue 'Continue →' button.

IPS Mobile App – Membership Application Module (Step 2: Registration Details)

- **Progress Tracking:** Active step 2 of 5 with visual completion state for step 1, maintaining backward/forward navigation state
- **Data Collection Fields:** Selection controls for application type and membership tier, along with form inputs capturing Proposer details (Name, LF Number, Email) and Seconder details (Name, LF Number)
- **Validation & Cross-Referencing:** Backend cross-verification logic to validate Proposer and Seconder Life Fellow (LF) numbers against the existing member database
- **Workflow Controls:** Dual-action footer with a secondary Back button for step retrogress and a primary Continue button to progress upon validation

The screenshot displays the 'Membership Application' screen at Step 2 of a 5-step process. A progress bar at the top shows steps 1 through 5, with step 2 highlighted in blue. Below the progress bar, the title 'REGISTRATION DETAILS' is followed by the section header 'Verify affiliation credentials'. This section contains two dropdown menus: 'New Membership' and 'Life Fellow'. Below these, the 'PROPOSER DETAILS' section includes three input fields: 'PROPOSER NAME *' with the value 'Dilip', 'PROPOSER LF NO. *' with the value 'LF9876', and 'PROPOSER EMAIL *' with the value 'developer1.flntech@gmail.com'. The 'SECONDER DETAILS' section follows, with two input fields: 'SECONDER NAME *' with the value 'Harsh' and 'SECONDER LF NO. *' with the value 'LF4321'. At the bottom, there are two buttons: a 'Back' button and a blue 'Continue →' button.

IPS Mobile App – Membership Application Module (Step 3: Contact Details)

- **Progress Tracking:** Active step 3 of 5 with visual completion checkmarks for steps 1 and 2, keeping state synced across from transitions
- **Data Collection Fields:** Form inputs capturing primary communication channels (Email, Mobile), account password setup with visibility toggle, and full address mapping (Line 1, Line 2, City, State, ZIP Code, Country)
- **Validation & Security:** Standard field validations for email syntax, mobile number length, postal code lookup, and secure masked password input to initialize member account creation
- **Workflow Controls:** Bottom navigation bar featuring a Back button to review registration details and a Continue button to save contact data and advance to step 4.

IPS Mobile App – Membership Application Module (Step 4: Uploads)

- **Progress Tracking:** Active step 4 of 5 with visual completion indicators for steps 1, 2, and 3, maintaining state across uploaded files
- **Data Collection Fields:** Upload triggers for mandatory items (Application Form, Photograph, Specimen Signature, MBBS Registration) and optional/conditional qualifications (PG Qualification, Valid PG Registration)
- **Validation & File Handling:** Device storage access integration with format and size checks to enforce acceptable file types (PDF, JPEG, PNG) prior to submission
- **Workflow Controls:** Bottom navigation bar featuring a Back button to edit contact info and a Continue button to process file uploads and proceed to step 5

The screenshot displays the 'Membership Application' screen at Step 4 of 5. At the top, a progress bar shows five steps: steps 1, 2, and 3 are green, step 4 is blue and active, and step 5 is grey. Below the progress bar, the word 'UPLOADS' is written in blue. The main heading is 'Verify and attach records'. There are six file upload fields, each with a label, a 'No file chosen' placeholder, and a 'Choose' button:

- Application Form *
- Photograph *
- Specimen Signature *
- MBBS Registration (or Equivalent) *
- PG Qualification (or Equivalent)
- Valid PG Registration

At the bottom, there is a 'Back' button and a blue 'Continue →' button.

IPS Mobile App – Membership Application Module (Step 5: Payments)

- **Feature Scope:** Final checkout and declaration phase to process mandatory membership entry fees and submit the application package
- **Progress Tracking:** Active final step 5 of 5 with visual completion check marks across all prior steps (1–4)
- **Fee Breakdown & Selection:** Dynamic line-item billing based on selected membership category
- **Payment Processing:** Options supporting offline settlement verification or online digital payment
- **Legal Declaration & Submission:** Mandatory terms confirmation checkbox for data truthfulness, coupled with an asynchronous submission trigger loading state

The screenshot shows the 'Membership Application' screen at Step 5 of 5. At the top, a progress bar shows steps 1 through 5, with step 5 being the active step. Below the progress bar, the word 'PAYMENTS' is displayed. The main heading is 'Complete processing fees'. Underneath, there is a dropdown menu showing 'Life Ordinary Member (LOM)'. Below the dropdown is a table with two columns: 'Item Description' and 'Line Total'. The table contains one row: 'Membership Entry Fee Processing' with a line total of '₹10,000.00'. Below the table, there are two radio button options: 'Payment Completed Offline (Cheque, Bank transfer, DD, NEFT etc)' and 'Pay Online with RazorPay'. The 'Pay Online with RazorPay' option is selected. At the bottom, there is a checkbox with a checkmark and the text 'I hereby declare that the above information is true and correct to the best of my knowledge and belief.' Below the checkbox are two buttons: 'Back' and 'Submitting... ⌂'.

Proposer Email

IPS Platform – Application Review & Approval Workflow

- **Trigger & Notification:** Application submission triggers an automated review request notification sent directly to the assigned Proposer
- **Proposer Verification Panel:** Dedicated review interface displaying the candidate's personal details, qualification credentials, and unique Application ID
- **Verification Scope:** Cross-checking candidate eligibility, submitted credentials, and membership category prior to endorsing the application
- **Decision Action:** Proposer evaluates the submission and executes approval via the green **Approve** action or rejects via the **Reject** action
- **Workflow Progression:** Tapping **Approve** validates the endorsement, updates the application status in real time, and forwards the candidate profile to the next stage of governance review

Membership Application Review

Dear Dr,

A new membership application has been submitted. Please review the details below and approve or reject.

Applicant Details

Name: Jay Mishra
Gender: Male
Date of Birth: 2000-08-13
Degree: MBBS

Membership Details

application: any **Application Type:** new membership
membershipType: LF

Contact Details

Email: jay.m.fintech@gmail.com

Mobile: 6378372559

Address: STPI, Cyber Park, Jodhpur, Jodhpur, Rajasthan

Application ID: 374d5ce7-db19-464d-be5e-b99f76698839

Approve

Reject

Seconder Email

IPS Platform – Secnder Approval Workflow

- **Sequential Handshake Mechanism:** Triggered automatically only after the Proposer completes their initial profile endorsement
- **Targeted Notification:** Dispatches an actionable review email directly to the designated Secnder's inbox
- **Profile Credentials Audit:** Displays candidate identification details, professional qualifications, and contact data for validation
- **Direct Action Execution:** Includes embedded **Approve** and **Reject** buttons to capture the Secnder's decision without requiring portal login
- **Next-Stage Escalation:** Successfully recording the Secnder's approval updates the application status and moves the file to final administrative governance review

IPS Platform – Final Administrative Approval Workflow (Secretary & Super Admin / Owner)

- **Administrative Queue Escalation:** Once both Proposer and Seconder endorsements are successfully recorded, the application automatically routes to the Admin Portal's **Membership Applications** queue
- **Role-Based Access Control:** Dual-layer governance access allowing designated authorities (**Secretary** and **Super Admin / Owner**) to access, inspect, and process pending profiles
- **Comprehensive Audit Review:** Detailed administrative view enabling officials to verify submitted legal documents, qualification certificates, payment status, and endorsement signatures
- **Final Authorization Execution:** Administrative action panel featuring primary controls to grant final **Approval** or trigger **Rejection** with contextual feedback
- **Account Activation & Onboarding Complete:** Executing final approval updates the database status to Active, generates member credentials, and dispatches an automated welcome notification to the candidate

IPS (Indian Psychiatric Society)

Thank You!
